

GROW MUSIC MISSOULA

## 2026 “Play-In” Details

**SAVE THE DATE!** These special events wrap up Spring Session 3!

"PLAY-INS," inspired by Suzuki, are designed to unite students through shared musical experiences. These events serve to motivate younger musicians and offer leadership opportunities for older students. We will endeavor to play through as many pieces as possible during the allotted time, in successive order. All participating children are encouraged to play what they know and listen to others perform pieces they have not yet learned. TF/LF PLAY-INS will include additional class activities together.
